Terry - please give me an update on the defense position here. I'd like to get something in front of the Court within a week. Ideally we can present a proposed schedule that everyone agrees on, but if we can't reach agreement, we should still present something.

Scott,

I have generally discussed expert disclosures with co-defendants' counsel, but largely because of their preoccupation with Waddy, there was no conclusion reached. I will follow-up with them after the holiday next week and hopefully, will have something specific to share with you.

Happy Thanksgiving to you and your family.

Hi Terry,

Have you been able to circle up with the other defense counsel to discuss Plaintiffs' proposed expert discovery schedule in Baker? Thanks.

Scott
