

Exhibit 11

**Cook County Sheriff's Boot Camp
Consent to Participate**

I, William Carter
(print your name clearly), hereby voluntarily consent to participate in the Cook County

Sheriff's Boot Camp Program. I willingly agree to abide by and comply with all terms and conditions of the program. I agree to follow all of the program rules while participating in the program.

I acknowledge that I fully understand the terms, rules, and conditions of the program of which I am about to enter. I understand that the program consists of one hundred twenty-four (124) to one hundred eighty (180) days spent in a Boot Camp facility with a mandatory regimen of physical training, academic and vocational educational training, substance abuse education and counseling, physical labor, military formations and drill, daily regimented activity, and complete uniformity of action, dress, and appearance. I also understand that after graduation, I will be on electronic monitoring for forty-five (45) days and must successfully complete a Boot Camp post release reintegration program that will last two hundred and forty (240) days. I understand that failure to meet established standards during my participation may require that any or all phases of the program be repeated until I successfully complete each phase.

I understand that any privileges regarding visits, personal property, access to any televisions, radios, or any library material will be restricted during my participation in the program. I am aware that any violation of the major acts outlined in the Inmate Handbook during any part of the Boot Camp or Reintegration phases may result in disciplinary action which could terminate my participation in the program. At that time, a **Notice of Termination** will be filed and I am aware that I will be returned to the Court for sentencing.

I am aware of my right to file a **Notice of Voluntary Termination** at any time. Upon filing the **Notice of Voluntary Termination**, I will be held at the Boot Camp for a maximum of forty-eight (48) hours and at that time will be transported to the Cook County Department of Corrections to await sentencing by the Court. I comprehend that once I am terminated from the Boot Camp, voluntarily or otherwise, that Boot Camp is no longer a sentencing option, even if I am facing future charges.

To the best of my knowledge, I have met all of the criteria for entering the Boot Camp Program and have accurately disclosed all of my medical history to include any known health problems or conditions that would restrict me from entering into physical training or strenuous physical labor that would otherwise restrict my participation in the program.

I understand that if I am determined to be eligible for the program, I will be sentenced to the program and remain in detention until an intake of inmates is scheduled for the Boot Camp.

I have read and understand this **Consent to Participate** form.
