Yes to those seven. There are additional. I am almost done with a full chart and some hopefully helpful copies of what key document we have.

I'm including Nancy on this email since she probably knows off the top of her head. In addition, Nancy is working on a chart of all the cases, officers and star numbers for our purposes and the City's.

Subject: Officers involved in Watts' cases

Eric/Mark - I received a call from CPD Internal Affairs Chief Eddie Welch who is trying to obtain information about additional officers who worked with former Sgt. Ronald Watts. CPD would like to act swiftly to strip all of the officers who were involved with Watts on the 15 cases announced today. Chief Welch provided me with the names of 7 officers who he believed wrote reports on some of the 15 cases. He referred to them as "Unit 264" officers. He is looking for confirmation from our office that these 7 officers were involved in the cases announced today.

1. Alvin Jones
2. Alsworth Smith
3. Robert Gonzalez
4. Manuel Leano
5. Brian Bolton
6. Douglas Nichols
7. Kenneth Young

I can help coordinate with IAD by providing them the information they need to pull reports, etc. if you would like. Otherwise, if you prefer to deal with Chief Welch directly, I can provide his contact info. Let me know how you wish to proceed.
