Dan & Walt,

Please see below. I have reviewed the pleading and attachments. In short, the defense is requesting that the convictions of these two co-defendants to be vacated. Both pled guilty to drug charges. They are husband and wife. Ben Baker is the same defendant whose drug conviction we vacated about a month ago, because corrupt police officers (namely, former CPD Sgt. Watts --- since prosecuted in federal court) were involved in his arrest. This case originated when Baker was on bond in the other case, and involves the same police officers. The defense did not previously seek to have this conviction vacated. [REDACTED]

Please let me know. This is motioned up before Judge Martin for this Wednesday. [REDACTED]
