Dear Ms. Valente:

I am writing to supplement my letter of November 17, 2017 regarding our review of numerous cases involving misconduct by Chicago Police Sergeant Ronald Watts and other officers who worked closely with him. My last letter to you mistakenly omitted Officer Douglas Nichols, Star #12415. Please be advised that the State's Attorney's Office has concluded that it will no longer call Officer Nichols as witnesses in any pending or future matters handled by the State's Attorney's Office due to concerns about his credibility and alleged involvement in the misconduct of Sergeant Watts.

Very truly yours,

Joe Magats
