Thanks for your attention to this matter. A response by 6/26/20 is fine. To the extent there are documents you are willing to produce before then, we would appreciate receiving them on a rolling basis.

One additional point that was not in the letter is that I do not believe there was a grand jury in this case. Mr. Schaeffer had a preliminary hearing and was charged by information, so we ask that you withdraw your objection to producing pages 19 - 30.

Thanks and take care,  
Joel
